

## STOP BOND ISSUES BY THE PRESIDENT

### MR. BUTLER'S BILL PASSED BY THE SENATE.

Vote Is 32 to 25 In Favor Of Restricting the Power Of Chief Executive—The House Overrides Veto Of Rivers and Harbors Bill.

Washington, June 3.—The senate Tuesday evening passed the Butler bill to prevent the chief executive from issuing bonds without the consent of congress. A combination of silver men in all parties, ten republicans, seventeen democrats, and five populists voted for the bill, and sixteen republicans and nine democrats voted against it. The western and southern democrats voted for the bill. The republicans who voted with them are known as the ardent silver men from the west who have always voted for silver and against bonds. Following is the vote in detail:

Yeas: Republicans—Brown, Cannon, Dubois, Hansbrough, Mitchell, Ore.; Pettigrew, Pritchard, Teller, Warren, Wolcott. Democrats—Bacon, Bate, Berry, Chilton, Daniel, George, Harris, Jones, Ark., Mills, Morgan, Pasco, Pugh, Tillman, Turpie, Vest, Walthall, White, Populists—Allen, Butler, Jones, Nevada; Peffer, Stewart—32.

Nays: Republicans—Aldrich, Allison, Burrows, Chandler, Cullom, Davis, Gallinger, Hale, Hawley, Lodge, McBride, Nelson, Platt, Quay, Wetmore, Wilson. Democrats—Brice, Caffery, Faulkner, Hill, Lindsay, Mitchell, Wis., Palmer, Smith, Vilas—25.

Senators Allison, Chandler and others spoke briefly but earnestly against the bill which proposes to prohibit any issue of bonds, no matter how necessary to maintain the honor and credit of the nation. Mr. Allison spoke out clearly and distinctly upon the silver question, saying frankly that, friendly as he had always been to the fullest use practicable of silver, he did not think it practicable or safe to attempt to reinstate it by free and unlimited coinage at this time, unless the co-operation of other nations could be had.

Mr. Chandler also spoke pointedly of the unwisdom of prohibiting the issue of more bonds by the president, should circumstances require such issue in the absence of congress. Much as he might differ, he said, with the president and secretary of the treasury he had no doubt of their integrity and felt assured that none of the issues that had been made were for other than legitimate purposes and that they did not themselves profit in any way thereby. Senator Burrows spoke in favor of the proper protection of the obligations of the government, but urged that the proper remedy was to return as promptly as possible to a system which would supply the treasury with ample funds for its current needs, and prevent the great withdrawals of gold for use in payment of enormous purchases of foreign-made goods.

At the conclusion of the vote the filled-cheese bill was taken up, and made the unfinished business.

Mr. Allison introduced a joint resolution for a scientific investigation of the Behring Sea seal fisheries.

At 7 o'clock Mr. Hill moved to adjourn, and, as the motion was carried, Mr. Hill exclaimed: "And may God save the country!"

### OVERRIDES THE VETO.

#### President's Opinion of the Rivers and Harbors Bill Is Ignored.

Washington, June 3.—The house made short work of the president's veto of the rivers and harbors bill Tuesday. The members were anxious to vote, and as soon as the report of the committee had been read the previous question was ordered, in spite of Congressman Dockery's vehement demand for debate. There were few others who were ready for speeches, but the house did not care to hear them, and ordered the previous question by a vote of 176 to 60.

Dockery tried to secure a roll call on the question, but he could not induce enough democrats to vote with him to order that parliamentary delay. The bill was then passed over the veto by a vote of 220 to 60, or nearly a three-fourths vote. There were thirty-nine democrats who voted to pass the bill over the president's veto and twenty-six republicans voted to sustain the veto.

Major Connolly of Springfield was the only member from Illinois who voted to sustain the veto. Congressmen Lorimer and White of Chicago and Murphy from East St. Louis returned from home to record their votes for the bill.

The bill came up in the senate today, and will have the necessary two-thirds to pass it over the veto. There are believed to be less than a dozen senators who will vote to sustain the veto.

The naval appropriation bill was reported to the house from conference, with an agreement on all items but that as to the number of battle-ships. Incidentally Chairman Cannon of the committee on appropriations predicted that congress will adjourn late next week.

### Cyclone in Colorado.

Wray, Colo., June 3.—News has reached here of a cyclone, the first ever known in this section, that caused

considerable damage and injured a number of people at Lansing, in eastern Arapahoe county, Saturday afternoon. The postoffice and schoolhouse and several houses and farm buildings were blown down. Mrs. Joseph Phillips was quite seriously injured, but will recover. Postmaster Beck and his mother and Mrs. Morris received severe bruises.

### MISS STEVENSON WEDDED.

Daughter of the Vice-President Becomes Mrs. Hardin.

Washington, June 3.—Extensive preparations were made for the wedding last night at the New York Avenue Presbyterian church of Miss Julia Stevenson, daughter of Vice President and Mrs. Stevenson, and the Rev. Martin Hardin, a son of Gen. P. W. Hardin of Kentucky. The relatives of the young couple, mainly from Kentucky and Illinois, were nearly all here for the ceremony.

The bride's wedding dress was of ivory-white satin of great richness. The bodice was high-necked and had chiffon trimmings held by small clusters of orange blossoms. A spray of orange blossoms was worn with the tulle veil, and the bridal bouquet was of white roses and lilies of the valley.

When the bridal party entered the church the ushers approached the platform by the center aisle and the bridesmaids by the side aisle, all meeting to receive the bride, who came into the church with her father, who gave her in marriage. After the ceremony at the church a wedding reception lasting from 8:30 until 10 o'clock, was given at the Normandie Hotel, which had been elaborately decorated for the occasion. The attendance was very large, and included President and Mrs. Cleveland and the members of the cabinet and their wives. After the reception the couple left the city for Bowling Green, Ky.

### FIGHT IN INDIANA.

Gold Democrats Not Prepared to Give Up the Struggle.

Indianapolis, Ind., June 3.—The administration democrats of Indiana have prepared for a fight. The executive committee of the 7th district, to which the gold meeting last week entrusted the cause of so-called "sound" money, Tuesday organized for active work. The committee is composed as follows: Thomas Taggart, John W. Holtzman, Samuel O. Pickens, Pierre Gray, Henry Russ, James McCunne, John W. Kern, Augustus Kiefer, Charles F. Piel, John R. Wilson, Henry W. Lawrence, William D. Bynum, James E. McCullough, Michael O'Connor, Albert Lieber, James L. Keach, Fred K. Mack, John P. Frenzel and Samuel E. Rauh.

The committee elected Thomas Taggart president, Pierre Gray secretary and John P. Frenzel treasurer. A state committee composed of three reliable administration democrats for each congressional district was appointed. Every district in the state is to be looked after closely, and the committee believes it is possible to create such a sentiment against free silver in some of the districts that the convention will think a good while before it decides to commit the party in Indiana to the independent coinage of silver at the ratio of 16 to 1.

### Maine Men for Reed.

Bangor, Me., June 3.—The Maine republican convention met in this city Tuesday. In calling the delegates to order Joseph H. Manley, chairman of the state committee, named for temporary chairman Harold M. Sewall, whom President Cleveland in his first term appointed United States consul to Samoa, but subsequently became identified with the republican party. Llewellyn Powers of Moulton was nominated for governor by acclamation. The platform indorses protection, opposes the free and unlimited coinage of silver, except by international agreement, and declares loyalty to Thomas B. Reed.

### Shot and Killed His Father.

Minot, N. D., June 3.—J. A. Baker, ex-county commissioner of Ward county, was shot and killed Tuesday at 4 o'clock by his son William, a boy 17 years of age, at his ranch twenty miles north of Minot. Just before the killing Baker had given his son a hard whipping, after which he started to abuse the boy's mother, which was more than the boy could stand. He took his rifle and shot his father twice, killing him instantly.

### Nicaraguan Canal Bill Reported.

Washington, June 3.—A Nicaragua canal bill was favorably reported to the senate Tuesday. It is practically the same bill that was favorably reported to the house Monday. This simultaneous action at both ends of the capitol in favor of this great enterprise is looked upon as likely to be very gratifying to the people of all parts of the country and helpful to the republican party in the coming campaign.

### Catholic Order of Foresters.

Springfield, June 3.—The state convention of the Catholic Order of Foresters met Tuesday for a three days' session, with nearly two hundred delegates in attendance. The sessions will be with closed doors. There has been a gain of ten courts during the year, and an increase in membership of between two and three thousand.

## REALIZE THE LOSS CAUSED BY WIND

### ORDER BEING RESTORED AT ST. LOUIS.

Citizens of the Stricken City Begin to Understand Fully the Terrible Calamity—Indirect Losses Very Great—Help For East St. Louis Is Forthcoming.

St. Louis, Mo., June 3.—The losses caused indirectly by the tornado are just beginning to reveal themselves. The direct results were at once apparent, but the consequences slightly remote from the first cause will be nearly as cruel as the immediate effects. Because the tornado ruined many of the mills and factories a large number of men will be out of employment for weeks and months. How many men have been deprived of their opportunity to earn a livelihood cannot be stated with any degree of accuracy, but it certainly runs into the hundreds in excess of the number employed to clear away the rubbish and repair the damage wrought by the wind.

Ten district assessors and fifteen clerks have started to make an official estimate of the losses caused by the storm. They will make a house-to-house canvass in the territory blasted by the tornado. President Frederick of the board of assessors expects to have a complete report of their work a week hence.

East St. Louis is now thoroughly on its feet, and there need be no fear but that eventually everything will come out all right. The supply of relief material is keeping pace with the demand. The drain has been terrific. Dozens of persons are kept busy handing out groceries, shoes, and dress goods. So numerous have been the responses in money and other gifts that for the time being there is no danger of want.

### MISSING IN EAST ST. LOUIS.

Transients Supposed to Have Been Killed by the Storm.

St. Louis, Mo., June 3.—The following corrected list of casualties at East St. Louis has been given out: Identified dead, 99; unidentified, 2; missing, 26; fatally injured, 7. Total, 134. The following is a list of transient people who are missing and supposed to have been killed in East St. Louis: Florence, Deming, Dexter, Mo.; Thomas Meising, St. Louis; William Clark Janesville, Wis.; George Sharp, Denver, Colo.; Ernest Bliet, Denver, Colo.; William North, Peterboro, Ont.; L. and Caroline Meyers, South Brooklyn, N. Y.; O. W. Fitch, Lincoln, Neb.; H. D. Roberts, New Orleans, La.; B. A. Critchlan, Homestead, Pa.; William Hoffe, Newport; B. Smith, Springfield, Ill.; Phoebe Clark, Granary, Ill.; Joseph Crome, Chicago; Frank Taylor Martin's Grove, Ill.; Richard Maston Granite City, Ill.; William Kegel, Lancaster, Pa.; Walter Glasscock, Morse, Kan.; Charles Gillman, Cleveland, Ohio; Paul Michter, New York; William Hartigan, Birmingham, Ala.; W. H. W. Johnson, Brooklyn, N. Y.; Mr. and Mrs. Garner, Lincoln, Neb.; Frank Conkle, Lawrence, Ind.

### SEND HELP TO EAST ST. LOUIS.

Illinois Towns Hold Meetings and Raise Funds.

Vandalia, Ill., June 3.—At a public meeting of the citizens held in the courthouse Monday night special committees were appointed in each ward at once to circulate public subscription papers to raise a fund for the relief of the destitute sufferers of last Wednesday night's storm in East St. Louis. Over \$50 was raised at the meeting. Two boxes of clothing were shipped today to the East St. Louis sufferers.

Peoria, Ill., June 3.—Mayor Allen has called a public meeting for tonight to organize for the relief of the cyclone sufferers in Illinois. Numerous appeals for aid are being received.

### Gov. Rich Asks for Cash.

Lansing, Mich., June 3.—Governor Rich has issued a proclamation to the effect that the needs of the Michigan cyclone victims were serious and urgent and calling upon the people for immediate liberal cash donations to supply shelter for the homeless families and to clear their fields and rebuild fences. Contributions of food, clothing, and furniture, he says, may come at a later day.

### Chicago Contributes to Relief.

Chicago, June 3.—Relief work yesterday in the interest of the cyclone sufferers resulted in cash receipts amounting to \$5,000 and numerous packages of clothing and bedding. These contributions, in addition to \$3,000 already sent, make a total of cash contributions to date of \$11,000.

### Dead in St. Louis Storm.

St. Louis, Mo., June 3.—The total dead, missing and injured in the city is 311, as follows: Burial permits issued to date, 128; killed, bodies not recovered, 13; wounded, in hospitals, 90; missing people, 80.

Minneapolis, Minn., June 3.—At a meeting of citizens called to tender aid to the sufferers at St. Louis, it was decided to fill a car with flour and forward it by Thursday.

## SPANISH SOLDIERS BOAST OF CRUELTY

### PROUD OF THE ATROCITIES THAT THEY COMMIT.

Troops Accused Of Slaughtering Defenceless Cubans—Horrible Charges Made In a Letter Received By the Cuban Junta At New York—Non-Combatants Shot.

New York, June 3.—The following letter was received at the headquarters of the Cuban junta in this city last night:

"In the San Pedro district, Township of Cano, Havana Province, the column commanded by Colonel Landa and the Principe Lancers have murdered several peasants who were non-combatants, among them Muris Negrin, whose head was horribly mutilated with knives. They also killed a poor colored boy about 12 years old, and also a man named Martinez, father of ten children, who was cut down for the crime of having a son in the insurgent ranks. The troops would not even allow the burial of the bodies. A poor and feeble octogenarian was slashed with a machete and died from the wounds he received.

"These murderers are proud of their atrocities. They say the non-combatants are as much rebels as those they meet armed in the fields, and, as they aid the insurgents and are all spies, they intend to get rid of all they see.

"In the Santa Barbara district, Bejugal Township, Havana Province, the same column and the same Principe Lancers murdered twenty-eight non-combatants without sparing women, old men or children.

"All of the atrocities of Landa, of Vicuna, and of Melquize are known by General Weyer, and this Caligula's comment is that he will crush the insurrection or wipe out everything Cuban. It is a common thing for persons who are passing along a road to be fired at by soldiers. When inoffensive men are killed in this way the official reports invariably give details about a desperate encounter with rebels."

### WEATHER CROP BULLETINS.

Conditions in the Agricultural Region of the Central Valley.

Des Moines, Iowa, June 3.—The crop bulletin says: "The average condition of all field crops, except grass, has been somewhat lowered by excessive rains. Winter wheat and rye appear to be doing fairly well. Oats, barley and spring wheat show some ill effects of wet weather."

Indianapolis, Ind., June 3.—The crop bulletin says: "Wheat is ripening, but the straw and heads are short in many fields; in some counties is nearly ready for cutting. A good crop of barley is being harvested in some localities. Oats are much improved and heading and promise a good crop; in some localities it is the best crop in years."

### Are Against Secret Societies.

Cincinnati, Ohio, June 3.—Rev. Thomas Patton of East Coldenham, N. Y., made the annual report on secret societies before the Reformed Presbyterian Synod Tuesday. He regarded such societies as rivals of the church. He urged that members should be outspoken against these societies. Rev. William Glasgow presented the statistical report for the year, showing thirteen presbyteries, 115 congregations, and a total membership of 9,910. The total contributions for the year are \$163,497. City congregations have made a great increase, but country congregations have fallen off.

### J. S. Clarkson Will Resign.

Des Moines, Iowa, June 3.—G. B. Pray, in charge of the Iowa Allison headquarters, is in receipt of a telegram from J. S. Clarkson, saying that while recently very ill Mr. Clarkson is now so well that he is making arrangements to come west and stop in Des Moines on his way to St. Louis. He will retire from the national committee at the St. Louis convention. A. B. Cummins and G. B. Pray are mentioned as candidates to succeed him.

### Seven Persons Poisoned.

Chicago, June 3.—To avenge an alleged robbery, it is believed, a stranger whose identity is unknown, delivered a bottle of wine yesterday afternoon at 443 Clark street, representing that it had been sent to Bessie Landon by a friend at the stock yards. That bottle of wine made seven persons desperately sick and of these four may die. It is claimed the wine contained poison.

### Miss Willard Speaks in London.

### Women Elect a Town Ticket.

Princeton, Ill., June 3.—The woman's ticket won in the school election here Tuesday without opposition. It was for members of the high school board, and those elected were Miss Eliza J. Warfield and E. C. Bates.

## KENTUCKY DEMOCRATS.

Silver Men Rule the Convention at Lexington Today.

Lexington, Ky., June 3.—It was thought yesterday that the democratic state convention would be unusually harmonious, but the silver men cannot agree as to how to use the great power they have become possessed of. One wing desires to propitiate the gold standard men, while the ultra-silverites are in favor of showing them no quarter. Blackburn decided to call a meeting of the leaders and have a full and free discussion of plans. It was finally decided by the meeting to put a free silver plank in the platform, and it is more than likely that the administration press of Kentucky will be severely censured in the resolutions.

Outside of the financial plank, which is a most emphatic declaration for free and unlimited coinage of gold and silver at the ratio of 16 to 1, without regard to the action of any foreign nation, the platform on national issues, as agreed upon by the silver conference for presentation to the committee and convention, does not differ from that on which Hardin ran for governor last year. Charles J. Bronston of Lexington, Blackburn's leader in the legislature, was decided upon for temporary chairman and Charles K. Wheeler of Paducah, also a free silver advocate, for permanent chairman.

### REUNION TO BE HELD.

Survivors of Various Army Commands Will Meet at St. Paul.

St. Paul, Minn., June 3.—From present indications the thirtieth national encampment Grand Army of the Republic, to be held in this city during the first week in September, will be the occasion of more and better attended reunions than usually take place. The reunions committee has assigned halls to sixteen Wisconsin commands for reunions, besides several from Minnesota, Ohio, New York and Michigan. Regimental associations throughout the country desiring to hold reunions at St. Paul during the encampment can secure halls by addressing Chairman Fred Richter of the reunion committees early this month. If applications are delayed till July or August, the more desirable meeting places may not be obtainable.

### Detroit Tariff Convention.

Detroit, Mich., June 3.—The movement for "taking the tariff out of politics" was started Tuesday afternoon, in spite of small attendance at the national tariff convention. Fifty delegates representing thirteen states were present. J. H. Brigham, of Delta, O., grand master of the National Grange, was named as temporary chairman. The convention adjourned after appointment of committees, which are directed to prepare resolutions to lay before the convention upon their respective topics, which cover the three objects as stated in the call—tariff, consular service, and Creation of a Government Department of Commerce, Manufacturers and Labor. The main object of the movement is the eventual establishment of a non-partisan tariff commission which shall pass upon the details of all tariff schedules and report upon the same to congress.

### Great Pythian Temple Proposed.

Indianapolis, Ind., June 3.—The Pythian grand lodge met Tuesday with about 700 members present. The principal topic was the question of erecting a great building in this city as the home of Pythianism, a project that was strongly recommended by the grand chancellor in his annual address. It was made a special order for today, and it is probable that the grand lodge will take the matter up. Otto Kolb, Boneville, was elected grand chancellor, and other officers were chosen.

### Maryland State Made Up.

Baltimore, Md., June 3.—The slate for the state democratic convention, which will meet here on the 10th instant, has practically been made up. Senator Gorman will not go to Chicago as a delegate, nor will he seek re-election as a member of the national committee. The state platform will contain as strong a gold-standard plank as can be devised, and will endorse the Cleveland administration. The delegates will probably go to Chicago uninstructed.

### Representative Shaffer's Trial.

Peoria, Ill., June 3.—The trial of Representative Simon W. Shaffer of Chicago, indicted for an alleged attempt to extort bribes in connection with the slop feed investigations carried on by a committee of the house in the last legislature began Tuesday. Most of the day was taken up with securing a jury, and the evidence so far introduced is uninteresting and unimportant.

### St. Paul Democrats Indorse Cleveland.

St. Paul, Minn., June 3.—St. Paul democrats Tuesday chose eighty-seven delegates to the state convention June 11. The administration of President Cleveland was indorsed and this money resolution adopted: "We are uncompromisingly opposed to the free coinage of silver at the ratio of 16 to 1."

### Kansas Democrats Meet Today.

Topeka, Kas., June 3.—The fight for free silver in the democratic state convention to-day is practically settled, the administration crowd virtually conceding defeat. No state ticket is to be named. Bland is talked of for indorsement for president.

## DEPOT IS WRECKED BY FLYING CARS

### C. & N. W. SMASHUP AT WRIGHTSTOWN, WIS.

Train Broke In Two, and the Sections Came Together With a Crash In Front of the Station, Cutting the Building In Half—No One Was Hurt.

Appleton, Wis., June 3.—[Special]—A fast freight train, on the Northwestern railway, bound north, broke in two this morning, near Wrightstown. The front section stopped at the Wrightstown depot, upon discovering the break, but before it could again get under way the rear section dashed around the curve at a terrific speed and crashed into the forward section. Five cars were demolished and piled up in a heap, beside the track and carrying away half the depot and damaging the half left standing, but no one was injured.

### Tramps Killed in a Wreck.

Livingston, Mont., June 3.—No. 4 east-bound passenger train on the Northern Pacific railroad left the track Monday night fifty miles east of here, wrecking the engine and five coaches. Three tramps were killed and several trainmen were injured. No passengers are reported seriously injured.

Cincinnati is the only western club keeping Cleveland company as a first-class representative of this section. Pittsburgh has taken a drop just as it did last year when it went east. In the meantime Baltimore has struck her real gait and there is nothing in the race from now on except the battle for "the other places." Yesterday's games:

Financial Showing of Congregational Organizations for the Last Year.

New Haven, Conn., June 3.—The seventieth anniversary of the Congregational Home Missionary society and its three associate societies, the Education society, the Church Building society and the Sunday School Publishing society, began Monday evening with a meeting of secretaries and superintendents. The number of missionary laborers in the service of the society last year, together with those engaged in superintending the work, is 2,038. The number of Sunday school and Bible class scholars is not far from 186,343. The organization of 241 new schools is reported and the number under the special care of missionaries is 2,483. The additions to the churches, as nearly as can be ascertained, have been 12,198.

### Allen Detained at Lebanon, Ind.

Lebanon, Ind., June 3.—Coroner Miller finished the inquest over the body of Wallace Riley Tuesday and ordered Thomas Allen detained by the officers. Allen's attorneys demanded an immediate preliminary trial and the defendant was arraigned before Esquire Perrill. Allen pleaded not guilty. The evidence discloses the fact that Allen was looking for Riley and made no attempt to avoid the tragedy. That he killed Riley while the latter was being held by Armstrong. The defense refused to introduce any evidence, preferring not to disclose their line of defense until they were compelled to do so in a court trial. Justice Perrill ordered the prisoner returned to jail and refused to release him on bail. The grand jury will begin its investigation Thursday morning.

### Prohibition Chasm Widens.

Springfield, O., June 3.—Calls have been issued for a meeting of the old prohibition executive committee June 10 to receive resignations and reorganize, and another for the county convention of the new national party June 15.

## ODD FELLOWS IN SESSION.

Proceedings of the Grand Lodge at the Stevens Point Meeting.

The fiftieth session of the Grand lodge, I. O. O. F. of Wisconsin is now in session at Stevens Point. The Rebekahs and the Patriarchs Militant are also meeting.

The grand lodge meets at the Grand opera house and the Rebekahs at the court house. The season will close on Thursday. A reception and entertainment was held last night and after the parade today there will be a grand ball. The next annual gathering will be held at Milwaukee, that city being chosen this afternoon, the vote standing 243 for Milwaukee to 45 for Marinette.

Grand Secretary Hoe's report showed that the total receipts were \$13,498.25 for the year ending April 30, 1896. The number of lodges Dec. 31, 1895, were 338, and the total membership 17,362, a net loss for the year of thirty-eight.

The report showed that the total membership of the Rebekah lodges was 6,656, a net gain of 1,035.

The relief work of the year was summed up as follows:

Amount paid for the relief of brothers \$18,239.05

Amount paid for the relief of widowed families 2,260.46

## SHUT UP THE FRIEGHT DEPOTS

Railroads Will Run No Merchandise Trains On June 10

Both the Northwestern and the St. Paul freight houses will suspend business for June 10, as there will be no freight trains moving on that day, and no use of the depots being open. Supt. Gardner of the Northwestern, is making preparations for the handling of passenger trains on that day, and as they expect a number of trains from off the Illinois Central route, extra room will have to be provided. Both roads will take extra precautions to see that no one is killed about the cars.

## LOOMS ARE SILENT AND WILL STAY SO

LITTLE PROSPECT OF COTTON  
MILLS STARTING UP.

Stockholder Says That the Present Prices Are Twelve Per Cent. Under the Cost of Manufacture—Lack of a National Association Keenly Felt By Manufacturers.

The prospect for starting up the upper cotton mill is a gloomy one and it now looks as though the two hundred employees will be idle for the entire summer. One of the prominent stockholders in the Cotton Company informed a Gazette man that no one who is posted can contradict the statement that the average price at which they are able to sell their product, is at least 12 per cent below its cost to manufacture.

It is more difficult to explain the troubles of the cotton industry, because that branch of textile manufacture is not organized as are the producers of woolen and silk goods. There is no national association of cotton manufacturers as there is a national association of both silk and woolen manufacturers. Consequently the cotton trade lacks concerted action, and it is without any authorized center of information or bureau of statistics. Each mill and each commission merchant acts, speaking broadly, for himself. There is no combination even upon such ground as mutual interests would permit. The lack of such a national organization is openly regretted by many cotton experts, and an effort to form one may precede the expected revision of the tariff by the next republican congress. As it is, there is a general disinclination among cotton merchants to discuss their trade, lest they may say either too much or too little for the edification of rivals.

## POLLS ARE OPEN FOR C.E. BALLOTS

### CONDITIONS ARRANGED BY LOCAL ENDEAVORERS.

It Had Been Intended to Limit the Vote to Coupons Cut From the Paper But An Allowance On New Subscriptions Has Been Made By General Request.

June 1 the polls opened for the Christian Endeavor convention ballots. Somebody will go to Washington as The Gazette's guest next month. Who it is to be the vote will determine.

It was intended at first to have no voting except by coupons clipped from the paper. The premium allowed for new subscribers in the piano contest two years ago, was a source of complaint, so many blocks of votes being transferred from one candidate to another at the last moment. Consultation with members of the three local Christian Endeavor societies, however, resulted in a change of plan. It was urged by all the young people interviewed that allowance be made for new subscribers as well as for coupons. Their arguments decided the matter but it was determined that no voters should be transferred after being once recorded. The conditions of the vote will be as follows:

Any one, anywhere in any state is entitled to vote. Cut out the coupon (trimming on the dotted lines.) Write in the name of your candidate, and send to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot. None but members of the Janesville Christian Endeavor societies are eligible as candidates. The winner will have railroad and Pullman fare paid from Janesville to Washington and will have hotel expenses paid throughout the convention.

Votes may be sent in at any time. The polls close July 1 at 9 o'clock p. m.

The votes allowed on new subscriptions paid in advance will be:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is entitled, of course, to cut coupons from the paper from day to day, and vote in the regular manner.

No person shall be allowed extra votes for stopping his paper and having it sent to another name at the same address. In every instance they must be bona fide new subscribers. No person will be allowed to stop his paper on Monday, start it again Tuesday and claim the premium.

## WASHINGTON COUPON.

### ONE VOTE FOR

The person receiving the most votes between June 1 and July 1 will have railroad fare to Washington and return, as well as hotel expenses in Washington during the National Christian Endeavor Convention, paid by the publishers of The Janesville Gazette.

## A GOOD PRACTICE.

If You Want a Good Appetite and Perfect Digestion.

After each meal dissolve one or two of Stuart's Dyspepsia Tablets in the mouth and, mingling with the food, they constitute a perfect digestive, absolutely safe for the most sensitive stomach.

They digest the food before it has time to ferment, thus preventing the formation of gas and keeping the blood pure and free from the poisonous products of fermented, half-digested food.

Stuart's Dyspepsia Tablets make the complexion clear by keeping the blood pure. They increase flesh by digesting flesh-forming foods.

Stuart's Dyspepsia Tablets is the only remedy designed especially for the cure of stomach troubles and nothing else.

One disease, one remedy, the successful physician of to-day is the specialist, the successful medicine is the medicine prepared especially for one disease.

A whole package taken at one time would not hurt you, but would simply be a waste of good material.

Over six thousand men and women in the state of Michigan alone have been cured of indigestion and dyspepsia by the use of Stuart's Dyspepsia Tablets.

Sold by all druggists at 50 cents per package. Send for Free Book on stomach diseases to Stuart Co., Marshall, Mich.

### Flag Raising in Plymouth.

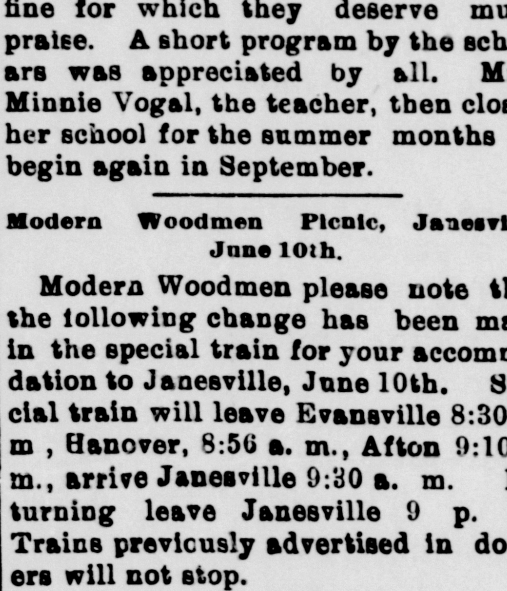

Footville, June 2—Last Friday witnessed the raising of a handsome flag, for which had been erected a substantial staff about sixty-five feet in height in district No. 2 of Center and Plymouth, known as the "Red Brick."

Quite a large number of the neighbors and friends were present and listened to an opening address by Fred Bemis. Charles Hemingway then gave us a brief war history of our flag after which Superintendent Ross delivered a few appropriate remarks and gave us information regarding flag raising throughout the county. The music rendered for the occasion by Parkley, Bemis and Silverthorn was exceedingly fine for which they deserve much praise. A short program by the scholars was appreciated by all. Mrs. Minnie Vogel, the teacher, then closed her school for the summer months to begin again in September.

## A MAN AND MAID RAN OFF TO WED

CHICAGO COUPLE ARE MARRIED HERE.

Groom Is An Attorney and the Bride Is the Daughter Of Wealthy South Side Residents—Justice Richardson Ties the Knot—Other Weddings Of the Day.

An eloping Chicago couple made Janesville their Groom today. They were Saul C. Erbstein and Miss Etta Rea McCuen, and Justice Richardson tied the nuptial knot.

Both bride and groom are well known Chicago people. The groom was at one time assistant county attorney for Cook county, while the bride is the daughter of wealthy parents, and resides on the South side. The young people loved, but apparently the path of true love has not been the smoothest, for they boarded the C. & N. W. train last night, and arrived in Janesville at midnight. This morning they visited Justice Richardson and the ceremony was performed that made them one. Mr. and Mrs. Erbstein are at the Hotel Myers spending their honeymoon, but will return to Chicago in a day or two.

Connor-Hayes.

William Connors, of the town of Porter, and Miss Mary Hayes, of the town of Center, were married this morning at 9 o'clock at St. Joseph's church, Edgerton, by Rev. Father Harlin.

Both young people are well known in this city and will be the recipient of hearty congratulations from Janesville friends. The bride is the daughter of Mr. and Mrs. Michael Hayes and is a popular and lovable young lady, whose many graces endeared her to all.

The groom is a well to do and highly respected young farmer who has all the qualities that go to achieve success.

Following the ceremony dinner was served at the home of the bride, and Mr. and Mrs. Connors will take the evening train for Chicago and Milwaukee, and on their return will make their home at the farm of the groom in the town of Porter. Numerous beautiful and costly presents were given the happy couple, and among the guests were Mr. and Mrs. Dennis Hayes, T. F. McKeigue, and Miss Margaret McKeigue of this city, and Mr. and Mrs. Michael Hayes and Misses Mary and Alice Hayes, of Chicago.

McGinley-Flynn

At St. Mary's church this morning at 7:30 o'clock, was solemnized the marriage of Miss Margaret Flynn and James C. McGinley, both of this city, the Rev. R. J. Roche officiating. Directly after the ceremony the happy couple were tendered a reception, after which they left on the morning train for Milwaukee. After a short visit they will return and occupy the residence at No. 102 South Main street. Mrs. McGinley is one of Janesville's well known and highly esteemed young ladies and is the daughter of Mr. and Mrs. Michael Flynn. The groom is one of the most popular members of the fire department and is stationed at the West side engine house. He has made an excellent record during his service in that capacity and is a brave and efficient fireman.

Tarrant-Stephens.

At high noon today the words were spoken that united as husband and wife Miss Selena Stephens of Lancaster and Irving Henry Tarrant, formerly of this city. The ceremony was performed at the Emmanuel church at Lancaster, and was witnessed by a number of the friends and relatives. The groom is one of the leading young business men of that city, and is a son of Hon. Henry Tarrant of La Prairie. A reception was tendered the happy couple after the ceremony.

STEVENS GETS HIS COMMISSION

Recovers Pay for the Sale of James Hopkins' Farm.

In the municipal court today the case of Frank L. Stevens vs. James Hopkins, came up for trial. Stevens claims that he sold a farm for Hopkins, for which he received no commission; while Hopkins claims that he himself sold the property. W. G. Wheeler appeared for the plaintiff, while Smith, Pierce & Dibble, and R. E. Elward, representing Harper & Harper, of Madison, appeared for the defense. The jury brought in a verdict for the plaintiff, and fixed his damages at \$100.

FIRE POLICE LEAD THE PARADE

Will March at the Head of the Woodmen's Day Column.

The Janesville Fire Police will march at the head of the parade on Woodmen's day. Mayor Baines and the speakers will ride behind the police and will be followed by the celebrated Rockford band of thirty four pieces; the Rockford Temple Quartet, and the three Rockford camps. The balance of the parade has not yet been arranged. It is thought there will be 15,000 people in line.

## WHERE KODAKS ARE MADE.....

To those who have already made their debut into the constantly widening circle of amateur photographers as well as to those who are yet only "thinking about it," a word about the members of the Kodak family and where they all come from may be of interest. The original Kodak made its bow to the public in 1888. Its success was immediate and phenomenal. Up to that time the public had associated the photographic art with dirty dark rooms, disagreeable chemicals, fluttering focusing cloths and awkward tripod legs. "You press the button, we do the rest" was an invitation so tempting that it was rarely refused, and though the Eastman Dry Plate and Film Co. was already a large concern, its capacity was tested to the utmost in order to keep up with the popular demand for Kodaks. The history of the concern from that date has been one of marvelous growth and prosperity. Every year has seen new buildings added to its plant and new goods to the list of products.

#### FEMALE MURDERERS.

Desperate Characters Whose Appearance Belies Their Acts.

The women in the Neudorf convent prison were all so kindly in their ways, so peaceful and good-humored, they differed so completely from our preconceived ideas of criminals, that we were puzzled to imagine what could have brought them into prison, says a writer in the Cornhill Magazine. We had never a doubt that their offenses were of the most trivial nature and we said so. The superior gave us one of her odd, humorous smiles.

"Did you notice that woman in the corridor?" said she. "She is Marie Schneider."

That insignificant-looking little woman who had stood aside with a gentle, deprecatory smile to allow us to pass, Marie Schneider? Why, in any other place one would have set her down at once as the hard-working wife of a struggling curate, so thoroughly respectable did she look. And she is Marie Schneider, a European celebrity with more murders on her conscience than she has fingers on her hands!

"And you let her stay here?"  
"We have nowhere else to put her," the inspector, who had joined us, replied, "and we don't hang women in Austria."

Nor is she, as we soon found, the only notoriety in the place. One of the prisoners is a delicate-looking girl, with large brown eyes and golden hair—a type of beauty almost peculiar to Australians. She has a low, cooing voice and a singularly sweet, innocent expression.

"What on earth can that girl have done to be sent here?" I whispered.

"Done," the inspector replied, grimly, "set a house on fire in the hope of killing a man with his wife and five children."

The girl must have had extraordinarily sharp ears, for, though we were standing at some distance away, she heard what he said, and she gave him a glance such as I hope never to see again in my life. It was absolutely diabolical; had there been a knife within reach the man would have died on the spot. Yet only a moment before she had been looking up into my face with a smile an angel might have envied.

Several of the prisoners are in the convent for killing their own children; some for killing, or trying to kill, their husbands; others for stealing or embezzling; others, again, for no more serious crime than begging. There are all degrees of guilt there, in fact, and all ages, from girls of 16 to women of nearly 80. And they all live together on terms of perfect equality; for there are no distinctions of rank there—no one is better or worse than her neighbor. When the convent door closed behind them they have done, for the time being, not only with the outside world, but with their own past. They start life afresh, as it were.

#### HAD TO PAY TWICE.

Flight of an Ocean Traveler Who Lost His Ticket.

There was one young man on the steamship New York, says the New York Times, who paid well for his passage. When it came time to present his ticket to the steward it was not to be found. Pockets were turned inside out, trunks were turned upside down, hatbands torn out and a stateroom converted into a wilderness of pillows, bedclothes and clothing.

The unfortunate passenger asked every man, woman and child on the ship: "Have you seen ticket No. 1,601?" Notices were posted on the bulletin board. The next day the passenger lost his identity. Everybody called him "1,601." From that time he was known by his ticket number.

"Have you seen Mr. '1,601,' to-day?" some one would ask. Then a dozen voices would ask:

"Which '1,601,' the man or the ticket?"

After the big dinner Thanksgiving day, Mr. "1,601" gave up the struggle and paid \$125 for his passage. This is the way he figured it up:

"I have examined the first and second cabin passengers and know everything they possess. When I state that the New York customs authorities won't get within a few thousands of what is due them I give expert testimony."

"The steerage had 202 passengers in it. It would take me at least three days to examine them, and that would bring me into Sunday, and as we are due Saturday, I guess I'll give it up."

When "1,601" left the pier yesterday he was better known than the purser.

## Big Dive in an Australian Theater.

The opening night of the performance of the Christmas pantomime at Her Majesty's theater in Sydney provided an unbillied sensation. Just as the fairy queen was about to give audience to the "demon" from the lower regions and the lights were turned down very low to give due effect to the scene, a man up in the gallery—the theater is three-tiered—was seen to stand upon the gallery railing, and placing his hands together, a la Prof. Peart, he dived into the crowded stalls. He fell between a gentleman and a young lady, injuring them both pretty severely and completely smashing the two iron-backed chairs upon which they sat; but, strange to say, suffered but little himself. When carried out of the theater, he remarked in a self-congratulatory manner: "What a day I've had!" He is now in Sydney hospital and recovering rapidly. Before he dived he told a bluejacket who sat beside him that he was "full up" of life, and then sprang over. His name is Smith and the two injured persons are Miss Florence O'Brien and Mr. Booth, both residents of Parramatta. And now the crown law officers are considering as to what they can charge the man with.—Sydney letter to Pall Mall Gazette.

Failing to see why both should go to have one tooth out the master said: "But what's Bill (the elder of the two) going for?" "Please, sir, Bill's going to have his tooth out." "Then what's Jack (the little one) going for?" "Please, sir, 'e's goin' to 'ear 'im 'oller," was the reply.

## Fats and Plants in Harmony.

The decorated stone pots so largely in use in drawing-rooms for growing plants need to be selected with care. They should not only be adapted in coloring to the plants they are to hold, but there should be a harmony in the jars themselves, as no matter how beautiful each individual one may be if there is incongruity in the coloring the whole effect will be unpleasant. Even an uneducated eye would detect the inharmonious effect without being able to discover the cause.—Ladies' Home Journal.

**Able Dissertation in a Stage Coach Which  
Mr. Lincoln Remembered.**

"I see that Col. Thomas Nelson of Terre Haute is dead," remarked A. M. Murphy to a St. Louis Globe-Democrat reporter. "Nelson belonged to that class of individuals to whom the growing generation invariably refer as gentlemen of the 'old school.'"

"Col. Nelson possessed a rich fund of humor and he enjoyed telling a story just as well if the joke were on him as when the other fellow caught it."

"At an old settlers' meeting in Terre Haute in 1885 Col. Nelson related a story about his first meeting with Abraham Lincoln. It was in the antebellum days of stage coaches. One morning the stage arrived at Terre Haute from Paris, Ill., and stopped at the Clark house, the principal hotel in the city in those days, and among the passengers was a long, lanky individual, who, after partaking of his breakfast resumed his journey to Indianapolis. Col. Nelson was one of the passengers and on the way endeavored to scrape an acquaintance with the lanky-looking passenger. The latter told several funny stories in the course of their tedious journey. Nevertheless, the colonel took his fellow-passenger for some green country merchant on his way to Indianapolis to replenish his stock of groceries, hardware, etc. The colonel also talked very learnedly and soon the stranger was gazing upon him in a manner that evidently betokened admiration of the great wisdom of his traveling companion."

"Arriving at their destination the colonel put up at the principal hotel, and after making an elaborate toilet, made his way to the hotel office. There he observed his fellow-passenger, the central figure of a group of gentlemen, most of whom were well-known to the colonel. Stepping up to the clerk he inquired as to the identity of the tall individual, and his eye was guided by the finger of the clerk to the open register, where he read, 'A. Lincoln,' written in a bold hand. A coating of moisture oozed through the pores of the colonel's countenance; he was thunderstruck, dumfounded, and hastily calling for his 'carpetsack' sought quarters elsewhere."

"In 1861 the friends of Col. Nelson succeeded in securing an appointment for him, and Gov. Morton, who was in Washington, telegraphed the colonel to come on, and when he arrived at the capital he was told that he would probably be appointed minister to Chile. When he made his call upon the president it was with the hope that Mr. Lincoln would not recognize in him the stage-coach passenger who had aired his erudition during the journey of a few years before."

Mr. Lincoln greeted him cordially,

and after notifying him of his appointment and expressing the hope that he would accept, looked at the colonel with a merry twinkle in his eye and said: "Col. Nelson, do you know I have often thought of your talk on centrifugal force during the stage-coach ride? Now, colonel, I am going to toss you away off to Chile."

The benefits to be derived from advertising are in the future as well as what you may get at the present. Advertising is something like making a snowball—the farther you go the bigger it grows. If, after you rolled your snowball a little distance, you stop rolling it and begin another one, you are expending an extra labor instead of accumulating, while if you had kept on rolling the old ball it would soon grow to much larger proportions than any new one you could start.

Mrs. R. DeYoung, Middleburg, Ia., writes. I have used One Minute Cough Cure for six years, both for myself and children and I consider it the quickest acting and most satisfactory cough cure I have ever used. C. D. Stevens.
